

(e) Our "communication" is normal. I cannot however describe the transcendental (beyond reason) aim of our work. I may try to do so now & then - if so laugh at me! It cannot be done.

(f) It is NOT something "added". You would not find me or my friends too exceptional - we get up, eat, work round the place, look at TV, discuss & all that you do. But we do know what underlies the whole caboodle! (And went through hell to get it.)

(g) Avoid highly "advertised" persons. The awakened ones are usually unknown & you may meet one at intervals without suspecting it in any way.

(h) We can have a transcendental thing right now - friendship & confidence. From that it is but a step. But such things cannot be forced. They must be spontaneous, natural, real - like the taste of a glass of water.

(i) Relative bicameral approach. Leave that to me & be yourself. And be truthful - remorselessly, so that will help me most. Don't cover up - if what we seek is the truth & the way of the Universe it can stand it I hope! Remember always I know the whole game & this is nothing new, not the first time by any means!

(j) Am I an "incomprehensible man"? My wife doesn't seem to appreciate my "greatness"! She finds me very ordinary - as indeed I am. Yet that is personality, only. Eitherwise I could well be one in a million because I found what I was looking for. (AND SO CAN YOU) and that is RARE - but to work by "mail" is EVEN RARER. I do not know of many cases. Where could you go? To your ridiculous "brotherhood"? Well - they have the right doctrine (Wisdom Religion) many of them BUT THEY DON'T TAKE YOU TO THE EXPERIENCE usually. They would scare away the paying clients.

(k) Is "attacking" the method? Yes & No. If you call "attack" the necessary exposure of EVERY ego trick, then it is sharp attack. I assure you it CANNOT BE PLEASANT
